

Invitation to the

55th International Congress of Meat Science and Technology

'Meat – Muscle, Manufacturing and Meals'

Put the date in your diary now!
16-21 August 2009

Danish Meat Research Institute (DMRI) and Centre for Advanced Food Studies (LMC) look forward to welcoming you in Copenhagen in 2009! We are planning an exiting congress that covers all aspects of meat science and technology within the major themes of 'Meat - Muscle, Manufacturing and Meals'.

ICoMST 2009 Copenhagen aims to build on the success of previous ICoMST congresses by combining the very latest scientific developments with technical tours and EU-seminars. To encourage young researchers to attend the congress a PhD pre-course is also available.

To register your interest in attending, presenting, exhibiting or supporting ICoMST 2009 please visit www.ICoMST2009.dk
